ASSESSMENT POLICY

Policy code	ASSP-001	Version 2.3	Effective date: January 2021	
-------------	----------	-------------	------------------------------	--

PURPOSE

To outline St Basil's RTO assessment framework and the general principles that guide the College's assessment practices for its Vocational Education and Training (VET) courses and International Students. The policy aims to promote transparent, equitable and accountable assessment practices and justifiable quality outcomes.

Definition of "College" – St Basil's RTO. For the purpose of this policy, any reference to 'College' or 'the College' should be considered a reference to St Basil's RTO.

Scope:

- College Location
- All VET academic staff
- All VET/ International students
- All Student Services staff

POLICY STATEMENT

Assessment is the process of gathering and analysing information in order to guide and make judgments about student's competency in relation to learning goals. Assessment items are an integral part of the learning process and when well-designed can enhance the overall learning experience and contribute to student achievement.

St Basil's RTO adheres to Standard 1, Clause 1.8 of the Standards for Registered Training Organisation's (RTOs) 2015 which requires that assessment is conducted in accordance with the Principles of Assessment and the Rules of Evidence. Assessment items are designed in accordance with the Assessment Guidelines of the relevant Training Package.

This policy focuses on assessments conducted as part of the day-to-day training delivered by St Basil's RTO. Students who are seeking an assessment via Recognition of Prior Learning should refer to the Educational Pathways Policy.

ASSESSMENT POLICY

Policy code	ASSP-001	Version 2.3	Effective date: January 2021
-------------	----------	-------------	------------------------------

PRINCIPLES OF ASSESSMENT

Principles of Assessment are required to ensure quality outcomes.

They are defined in the Standards for Registered Training Organisation's (RTOs) 2015 as being fair, flexible, valid and reliable as below:

- Fair: Fairness requires consideration of the individual student's needs characteristics, and any reasonable adjustments that needs to be applied to take account of these needs and characteristics. It requires clear communication between the assessor and the student to ensure that the student is fully informed about the assessment;
 - understands what the assessment requires;
 - is able to participate in the assessment process; and
 - agrees that the process is appropriate. It also includes an opportunity for the student being assessed to challenge the result of the assessment and be reassessed if necessary.
- Flexible: To be flexible assessments should reflect the student needs; provide for recognition of competencies no matter how, where or when they have been acquired; and draw on a range of appropriate assessment methods for the student, unit of competency and its assessment requirements
- Valid: Assessments are considered valid evidence when students are assessed against, a broad range of skills and knowledge that are essential to competent performance, and any other associated assessment requirements of a specific unit of competency. Assessing must also include evidence that a student could demonstrate these skills and knowledge in other similar circumstances and skills and knowledge can be practically applied.
- Reliable: Reliability is when the assessment is consistently interpreted, and assessment results are comparable irrespective of the assessor conducting the assessment item.

RULES OF EVIDENCE

Rules of evidence are closely related to the Principles of Assessment and are also defined in the Standards. The rules provide guidance on the collection of evidence to ensure that it is valid, sufficient, authentic and current.

- Valid: see Principles of assessment.
- Sufficient: Sufficiency relates to the quality and quantity of evidence assessed. It requires collection of enough appropriate evidence to ensure that all aspects of competency have been satisfied and that competency can be demonstrated repeatedly. Supplementary sources of evidence may be necessary. The specific evidence requirements of each unit of competency provide advice on sufficiency.
- Authentic: To accept evidence as authentic, an assessor must be assured that the evidence presented for assessment is the students own work.
- Current: Currency relates to the age of the evidence presented by students to demonstrate that they are still competent. Competency requires demonstration of current performance, so the evidence must be from either the present or the very recent past.

QUALIFIED ASSESSORS

St Basil's RTO ensures that its assessors meet the Standards and therefore demonstrate:

- That they hold the relevant Training and Education (Certificate IV TAE40116) competencies or are working in collaboration with a qualified assessor
- That they hold relevant vocational competencies at least to the level being delivered and assessed or are working in collaboration with a qualified assessor
- Industry currency directly relevant to the training/assessment being undertaken
- Continuous development of their VET knowledge and skills as well as their industry currency and competence as an assessor.

RESULTS

The recognised training and assessment approach in the VET sector is competency-based. This means there is an emphasis on what a person can do in the workplace as a result of completing a course of training.

The following table identifies the results awarded for VET students at the College:

ASSESSMENT POLICY

Policy code	ASSP-001	Version 2.3	Effective date: January 2021	
-------------	----------	-------------	------------------------------	--

Competent	C	Awarded to a student who has achieved all of the elements specified for a unit of competency to the specified standard.
Not yet Competent	NYC	Awarded to a student who has failed to achieve all of the elements specified for that unit of competency to the specified standard.
Withdrawn	W	Relates to when a student withdraws from a unit of competency/unit of study before the provided date.
Withdrawn Fail	WF	Relates to when a student withdraws from a unit of competency/unit of study after the provided date.
Credit Transfer	CT	Relates to the credit received by a student for a unit of competency through recognition of their formal learning.
Recognition of Prior Learning	RPL	Relates to the credit received by a student for a unit of competency through recognition of their informal learning.

Assessment items are an integral part of the learning process and when well-designed can enhance the overall learning experience and contribute to student achievement. The College adheres to Standard 1, Clause 1.8 of the Standards for Registered Training Organisation's (RTOs) 2015, which requires that assessment is conducted in accordance with the Principles of Assessment and the Rules of Evidence. Assessment items are designed in accordance with the Assessment Guidelines of the relevant Training Package.

This policy focuses on assessments conducted as part of the day-to-day training delivered by St Basil's RTO. Students who are seeking an assessment via Recognition of Prior Learning should refer to the RPL/CT Policy.

Students enrol into a Unit of Competency. Students will receive a result for each unit of competency.

Assessment of Elements

Effective workplace performance requires more than an isolated instance of applying technical skills, knowledge and attitudes to a particular situation. Students are therefore considered to be competent when they are able to apply their knowledge and skills to successfully complete activities in a range of situations and environments. As such, it is likely that a unit of competency will assess some elements more than once across multiple assessment items. In order to achieve a result for an assessment item of Satisfactory, a student must demonstrate competence for every element assessed. Similarly, to achieve an overall result of Competent for a unit of competency, a student must receive a result of Satisfactory for each assessment item.

Assessing Competence

Each assessment item will outline the specified standard that a student must achieve to receive a result of Satisfactory. This will vary between assessment items dependent on the most appropriate method of assessing skills and knowledge. For instance, a theory assessment may require a student to achieve an overall mark of 40/50, but a practical assessment may require demonstration of a technique that the assessor will judge against a set of steps/outcomes.

Additional Assessment Criteria

In addition to each element being assessed as competent, some units of competency may require additional criteria to be met for a student to achieve a result of Competent. For example, attendance, participation, dress code, submission of all assessment items and any other criteria documented.

ASSESSMENT POLICY

Policy code	ASSP-001	Version 2.3	Effective date: January 2021
-------------	----------	-------------	------------------------------

Notification of Results

Notification timeframes for individual assessment items will vary but will be generally be no longer than 2-3 weeks from the final submission deadline for that assessment item. Students will normally receive the results of practical assessment items either immediately upon completion or it may take 2-3 weeks if further contemplation is required. Final results will be held pending any fee payments being finalised.

SUBMISSION OF ASSESSMENT ITEMS

Excepting assessment items completed in class, it is the responsibility of all students to keep a copy of all submitted assessment items until they are marked and returned by the trainer/assessor for review. After a student has reviewed their marked assessment item, they must return it to their Trainer as St Basil's RTO requires to retain all assessment items for a set period of time (refer to Assessment Retention).

Paper-based Submission

All paper-based assessment items other than those completed in class (i.e. quizzes) must include a completed and signed Assignment Cover Sheet and be handed or posted to the Trainer for that particular unit of study by the due date, unless prior alternative arrangements have been made in accordance with the Special Considerations Policy.

Where an assessment item involves completion as a group, an Assignment Cover Sheet must be completed and signed by all students involved in completing the assessment item. The Assignment Cover Sheet contains important information about privacy, plagiarism and academic dishonesty, must be carefully read before signing and is available from the Policies and Procedures on St Basil's RTO website.

Number of Attempts

Students will be permitted a total of 3 attempts for all assessment items within a teaching period (initial attempt plus 2 resubmissions/re-sits) – refer also to the Academic Progression Policy – VET or Course Duration and Progress Policy. Some assessment items are broken down into distinct activities and therefore if a student is unable to achieve a Satisfactory result for one activity or more, it is at the discretion of the Trainer as to whether the student must resubmit the entire assessment item or only the activities where a Satisfactory result was not achieved.

Timeliness

It is the student's responsibility to manage their individual study and assessment workload to ensure they are able to attend all on-campus assessment items (i.e. practical components and activities) and meet all relevant submission due dates. Assessment must be submitted within the timeframes specified unless there is an extraordinary circumstance that prevents the student from meeting the deadline. The timeframes for all assessment items are advised to students upfront on commencement of study.

Written Assessments

If a first attempt at a written assessment item is not submitted by the due date, the student will receive a result of NYC for that attempt unless prior arrangements have been made. This means that any late submissions will be considered to be a resubmission. If a student fails to discuss a revised due date with their trainer, they will be given 1 week from the original due date to submit their first resubmission before they are resulted with a NYC against a second attempt. If no assessment item is received after 1 week of the due date, the student will be given one additional week to make their final submission of the item (unless prior arrangements are made) before receiving a NYC result for their third attempt at that assessment item.

'At Risk' Students

If a student fails to submit the same assessment item more than once in a teaching period, this is an early warning signal to their trainer that they may be at risk of non-progression and non-completion in accordance with the Academic Progression Policy – VET or the Course Duration and Progress Policy - International. It is the responsibility of the trainer to make every attempt to contact the student to determine their reasons for non-submission. It may then be necessary to provide support to the student to aid in their progression. Any support mechanisms should be instigated on the advice of the Student Services team and be made in accordance with St Basil's RTO Policies.

ASSESSMENT POLICY

Policy code	ASSP-001	Version 2.3	Effective date: January 2021
-------------	----------	-------------	------------------------------

Student Integrity (e.g. cheating and plagiarism)

Students are accountable to standards of professionalism and ethics throughout their course of study and therefore St Basil's RTO takes a strong position on plagiarism and other instances of academic dishonesty. All students should ensure that their assessment work is their own and that they have not obtained academic advantage for themselves or another student by dishonest or unfair means. Refer to the Plagiarism, Cheating and Collusion Policy – VET for further details on the St Basil's RTO Website www.stbasils.edu.au

INFORMATION ABOUT ASSESSMENT ITEMS

All necessary information about assessment items is listed in the Unit of Competency Outline and the trainer/assessor for that unit of study must check that the provided information is correct. Information about assessment is generally not changed after the second week of the term. However, in special circumstances such as in the case of information being incorrect, the details may be changed with approval by the Training Coordinator and College Manager and all students must be notified of the change.

FEEDBACK FOR STUDENTS

Students receive specific, timely, supportive, constructive and developmental feedback on their learning and performance. Written feedback should be provided to students on all assessment items other than multiple choice tests.

Students are entitled to see their results for all assessment items within two weeks from the date that the assessment item was due. Formative assessment does not require formal feedback from trainers, and alternative forms of providing feedback can be used, e.g. group and peer marking and self-marking from a supplied answer guide.

RETURN OF ASSESSMENT ITEMS

Where a student has completed an assessment item that warrants written feedback from the trainer, the student will have the opportunity to review their result and the feedback within 2-3 weeks of the assessment item due date. Students will normally have their assessment item returned to them for review in class. Assessment items will not be returned to students for them to keep, only for review (refer to Assessment Retention for further information on the St Basil's RTO Website www.stbasils.edu.au)

APPEALING A RESULT

St Basil's RTO acknowledges that students have the right to appeal an assessment decision, based on valid grounds for appeal. St Basil's RTO has provision for students to appeal against assessment decisions. This ensures that students have access to a fair and equitable process for lodging an appeal against an assessment decision.

Valid grounds for an appeal against an assessment decision (where the client feels the assessment decision is incorrect) could include the following:

- a. The judgement as to whether competency has been achieved and demonstrated was made incorrectly;
- b. The judgement was not made in accordance with the Assessment Plan;
- c. Alleged bias of the assessor;
- d. Alleged lack of competence of the assessor;
- e. Alleged wrong information from the assessor regarding the assessment process;
- f. Alleged inappropriate assessment process for the particular competency;
- g. Faulty or inappropriate equipment; and/or
- h. Inappropriate conditions.

Students wishing to appeal a grade need to meet with the Training Coordinator and Assessor in the first instance as outlined within the Grievance Policy (Refer to Grievance Policy). An investigation into an appeal may result in one of the following outcomes:

- a. Appeal is upheld; in this event the following options will be available:
 - The original assessment will be re- assessed, potentially by another assessor.
 - Appropriate recognition will be granted.
 - A new assessment shall be conducted/arranged.

ASSESSMENT POLICY

Policy code	ASSP-001	Version 2.3	Effective date: January 2021	
-------------	----------	-------------	------------------------------	--

- b. Appeal is rejected / not upheld; in accordance with St Basil's RTO assessment policy the client will be required to:
- undertake further training or experience prior to further assessment; or
 - re-submit further evidence; or
 - submit/undertake a new assessment.

If a student receives a result for an assessment item that they disagree with, they have the right to lodge a grievance in accordance with St Basil's RTO Grievance Policy.

REASONABLE ADJUSTMENT / ACCESS AND EQUITY

Assessment tasks may be subject to reasonable adjustment where a student has a specific disability or special need as per St Basil's RTO's Access and Equity Program. Any student who has special needs may be eligible for reasonable adjustment and should speak with the College Manager at the time of enrolment to receive advice on available services and to complete the required documentation.

Reasonable adjustments will only be considered if advised at the time of enrolment and/or if a student's situation changes mid- enrolment and they advise their campus Access and Equity Officer prior to the assessment item due date.

SPECIAL CONSIDERATION

St Basil's RTO recognises that there may be times when a decision is made upon application of this policy (or other related policies) may require reassessment due to special consideration.

St Basil's RTO must be satisfied that a student's circumstances are beyond their control (i.e. if a situation occurs which a reasonable person would consider is not due to the student's action or inaction, either direct or indirect, and for which the person is not responsible). If a student feels after review of the Special Consideration Policy that their circumstances should be considered, they must submit an application prior to the due date for the assessment item. In rare situations where this is not possible, applications will be accepted until three days after the scheduled due date.

ASSESSMENT RETENTION

The Australian Skills Quality Authority (ASQA) as the National VET Regulator requires all registered training organisation's (RTO's) to securely retain all completed student assessment items for each student for a period of six months from the date on which the judgement of competence for the student was made. Where it is not possible to retain the student's actual work (i.e. practical assessments), an assessor's completed marking guide, criteria and observation checklist for each student should be retained as evidence.

In addition to the above requirement, St Basil's RTO retains all completed assessment items for a period of 12 months to allow time for internal moderation processes to run their course.

VALIDATION AND MODERATION OF ASSESSMENT

St Basil's RTO is committed to ensuring that regardless of the place of delivery, mode of delivery or trainer/assessor:

- a. Assessment items are developed to be fair, flexible, reliable and valid based on current industry relevance and the requirements of the Training Package; and
- b. Judgements made by trainers/assessors on attempted assessment items are based on valid, sufficient, authentic and current evidence.
- c.

DEFINITIONS:

Assessment - the process of collecting evidence and making judgements on whether competency has been achieved, to confirm that an individual can perform to the standard expected in the workplace, as expressed by the relevant endorsed industry/enterprise competency standards of a Training Package or by the learning outcomes of a VET accredited course.

Competency – the consistent application of knowledge and skill to the standard of performance required in the workplace. It embodies the ability to transfer and apply skills and knowledge to new situations and environments.

Elements – essential outcomes required to demonstrate competency as detailed in each unit of competency.

Formative Assessment – a form of assessment that does not count towards the final result for a unit of competency but is rather used as an informal strategy to gauge a student's the level of understanding of skills and knowledge.

ASSESSMENT POLICY

Policy code	ASSP-001	Version 2.3	Effective date: January 2021
-------------	----------	-------------	------------------------------

National Skills Standards Council (NSSC) - a committee of the Standing Council on Tertiary Education, Skills and Employment (SCOTESE). The NSSC provides advice to SCOTESE on national standards for regulation of vocational education and training.

Reasonable adjustment - adjustments that can be made to the way in which evidence of candidate performance can be collected. Whilst reasonable adjustments can be made in terms of the way in which evidence of performance is gathered, the evidence criteria for making competent/not yet competent decisions (and/or awarding grades) should not be altered in any way. That is, the standards expected should be the same irrespective of the group and/or individual being assessed; otherwise comparability of standards will be compromised.

Specified Standard – the level of competency required for effective performance in the workplace, often expressed in outcome terms such as “effective technique used to...”. Could also be expressed as a percentage mark.

Standards for Registered Training Organisation’s (RTOs) 2015 – a set of national standards which are used to regulate the vocational education and training sector within Australia.

Student - is an individual person who is formally enrolled to study at St Basil’s RTO. The individual person is that who appears on the College’s documents such as enrolment, admission and payment documents, and who is assigned an individual student ID.

Training Period – is a formal term within the training year in which a student may be enrolled.

Training Package - A training package is a set of nationally endorsed standards and qualifications for recognising and assessing people’s skills in a specific industry, industry sector or enterprise. They are developed by national Industry Skills Councils (ISCs).

Training Package Assessment Guidelines - are contained within each Training Package and are designed to ensure that assessment is consistent with the Standards for Registered Training Organisation’s (RTOs) 2015.

Unit of Competency - the specification of industry knowledge and skill and the application of that knowledge and skill to the standard of performance expected in the workplace.
